GLASDON

Jubilee™

LITTER BIN

***Helping to improve NI 195
and LEAMS grades for
reducing:-***

The National Indicator NI 195 (England and Wales) and LEAMS (Scotland) allow local authorities to grade the cleanliness of their local area against national benchmarks. The Glasdon Jubilee Bin will help local authorities achieve improved grades as it has been designed with anti-littering, anti-graffiti, anti-fly posting and anti-staining benefits. The chamfered apertures and domed hood of the bin will help reduce littering and the cigarette stubber plate will help to reduce smoking related litter.

- Litter***
- Graffiti***
- Detritus***
- Fly-posting***
- Staining***

5 Colours Available

- All 5 standard colours are recyclable after the litter bin's usable life.
- Other colours are available subject to a minimum order quantity.

Grey

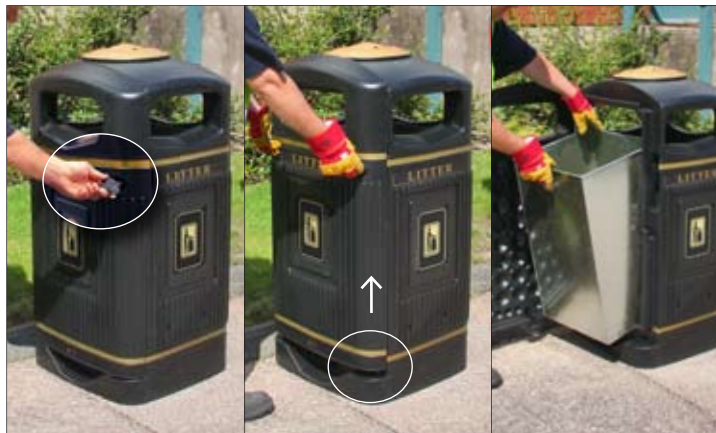

The Black Glasdon Jubilee bin is produced using 100% recycled material.

Unique Locking Mechanism with a 3 Point Interlocking Door

- Glasdon Jubilee Litter Bin is available as a keyed or keyless model. It is easy to use, with a slam lock operation.
- A unique lift and lock mechanism engages the door with the bin body at three separate points, to provide a highly secure, vandal resistant locking system.
- The door rises and self returns to the locked position, therefore will not accidentally fall open after the operator closes it.
- Locks are corrosion-free as they do not incorporate any metal components.

Keyed Model

1. Turn key

2. Lift the door

3. Swing open to remove liner then slam shut to lock.

■ **Recessed Lifting Handle**

The recessed lifting handle is at an operator friendly height and is suitable for use with a gloved hand. To open the secure keyed model, simply turn the key and use the recessed lifting handle to lift the door.

Keyless Model

1. Lift foot pedal

2. Lift the door

3. Swing open to remove liner then slam shut to lock.

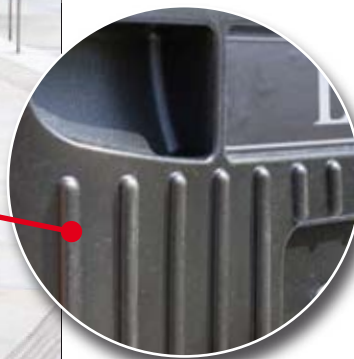

■ **Foot Activated Keyless Model**

Unique to Glasdon, the operator friendly foot pedal can be used to lift open the door, for ease and speed of use.

■ **Durable Construction**

- The Glasdon Jubilee Bin is manufactured in self-coloured Durapol® material. Durapol is weather and vandal resistant, will not chip or rust and never needs painting.

■ **Deters Fly-Posting and Graffiti**

- Integrally moulded ridges discourage the adherence of posters and graffiti.
- The ridges will allow air and water to get behind the poster and compromise the adhesive, should a poster be attached to the bin.

■ **Graphic Options**

- Choice of Gold or Silver Bin-it™ Litter Graphics x 4 (one for each side).

STANDARD FEATURES

1 Domed Textured Stubber Plate

- Offers a solution to cigarette waste and protects the hood of the bin.
- The textured finish with identifiable graphics aid cigarette stubbing and encourage use.
- Domed to prevent litter and cigarettes being left on top of the unit.
- Available in Gold or Gun Metal Grey.

2 Concealed Knuckle Hinge

Strong and durable with a flush external finish.

3 Extremely Robust Double Skinned Door

- The vandal resistant door moulding is exceptionally strong and robust.
- The large door-opening design allows easy access to the liner and ground fixings.
- Contains no metal components, so will not rust.

OPTIONAL EXTRAS

5 **Domed Hood**

- Strong and robust to prevent littering and rain pooling.

6 **Chamfered Apertures with Extended Ledges**

- The aperture shelves are chamfered to prevent litter being left on the bin surfaces and falling onto the surrounding area.
- The aperture ledges extend over the liner, which ensures litter always enters the liner and prevents spillage between the liner and the bin.

7 **Recessed Traditional Litter Legend (x4)**

- Easily identifiable, with a traditional appearance.
- Recessed to prevent vandalism.

8 **20mm Banding Recess (x2)**

- Gold or Silver decorative bands add to the attractive appearance of the bin and allow for co-ordination with existing street furniture.
- Recessed to prevent vandalism.

9 **110 Litre Steel Liner**

The large capacity liner reduces the need for frequent emptying, and incorporates operator friendly handles for ease of use.

Domed Ashtray

A 1 litre capacity hood mounted ashtray, with the unique Glasdon Quick-Release™ emptying mechanism. The ashtray is textured with clear graphics to aid cigarette stubbing and encourage use. Offers extra protection to the hood of the bin and prevents cigarettes and litter being left on top of the unit.

Available in Gold or Gun Metal Grey.

Sack Retention

An elastic sack retention belt securely holds the sack inside the steel liner. Easy and quick to use.

Aperture Stubber Plates

Add further protection to the bin. The stubber plates feature identifiable graphics and a textured finish for ease of cigarette stubbing, to encourage use and deter littering.

Available in Gold or Gun Metal Grey.

PERSONALISATION OPTIONS

A5 Personalisation

A4 Poster Kit

An A5-sized personalisation area is provided on all four faces of the bin to display a vinyl sticker or polycarbonate plaque containing your logo, crest or message. This area is recessed to prevent vandalism.

The Glasdon Jubilee litter bin can also be supplied with a polycarbonate poster frame which will hold A4 laminated posters (visible display area: 277 x 190mm). As posters can be easily changed from inside the bin, this is a cost-effective way of promoting the latest sponsorship opportunities and local authority messages.

4 **Removable Base Tray**

Enables easy cleaning and prevents leakage and staining around the bin. (Also hides the bait box area when required for pest control.)

Glasdon Jubilee™ Recycling Bin

The Glasdon Jubilee Recycling Bin offers a stylish and practical solution for areas where a high volume of recyclable litter is created. Colour-coded apertures and clear graphics are available to make the units easily identifiable and to encourage the efficient collection and segregation of recyclables, including co-mingled waste.

Blanking Panels Option

To prevent cross contamination of waste when recycling units are banked together.

A4 Poster Kit Option

Can be used to promote the recycling message to the general public and encourage the correct use of the bin.

RECYCLE NOW OPTIONS

Recycling Aperture Panels

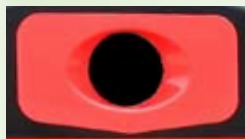

Aperture panels in Recycle Now colours make the units easily identifiable and help to prevent contamination of waste.

 Standard Unit
 c/w liner without stubber plate:28kg

Fixing Options

Concrete Anchor Bolts
 Paving Anchor Bolts
 Concrete-in Anchor (Adjustable Depth)
 Internal Concrete Ballast (20kg as standard
 40kg if required)

*Durapol material is a polymer formulated to withstand extremes of temperature and is impact-tested in our Quality Assurance Laboratory as part of our BS EN ISO 9001:2000 test procedure. Durapol will not chip or rust, is easy to clean and never needs painting.

PERSONALISATION & RECYCLING OPTIONS

The following components of the Glasdon Jubilee Bin can be personalised:

- A** The two 20mm banding recesses which come as standard with Gold or Silver decorative bands can also be personalised with Recycle Now colours to distinguish the bin as a recycling unit.
- B** The 48mm x 338mm recessed area which comes as standard with four litter legends can be personalised with self-adhesive stickers to display your own message or Recycle Now graphics.
- C** The A5 recessed area on all four sides of the bin can display a vinyl sticker or polycarbonate plaque containing your logo, crest or message or Recycle Now graphics.
- D** An A4 poster frame is available which can display your own personalisation or Recycle Now graphics.

(Any combination of personalisation can be used e.g. 2 x A5 vinyl stickers and 2 x A4 poster frames.)
